Mother&Baby Awards

2016 Shortlisted Best highchair

Tested by mum Elizabeth Emmanuel for the M&B Awards 2016:

Why would you recommend this product to a friend/fellow mum?

This highchair is different from any other one I've seen or had. It can be used from birth up to about 8 years old! It is amazing and will get many wow reviews! It grows with baby's needs. One piece of furniture and it converts from a safe bouncy chair to high chair to a chair for toddlers and older. Amazing!

How does this product make your life easier as a mum?

This caters for all a baby's sitting needs with no hassle. Baby and then toddler can be safely strapped in and join the family at meal times. Later the chair can be a useful piece of furniture in the playroom.

If you could change one thing about this product what would it be?

Wonderful, wonderful, wonderful!

Tested by mum Chris Brotherton for the M&B Awards 2016:

Why would you recommend this product to a friend/fellow mum?

I really liked the sanitary wood design that was naturally antibacterial. My husband struggled somewhat to put it together and adjust the height but it was extremely sturdy when my disguise was in and no chance of it tipping over. Easy to keep clean and has washable parts too.

How does this product make your life easier as a mum?

I like the fact you can use it as a stand alone highchair or have it as a chair for meals times, or even a chair and bouncer type rest for newborns.

If you could change one thing about this product what would it be?

Needs a bit of grease to make it smooth adjustments.
